Pepper's Parties

Presented by Women for Women!

How to Host a Pepper's Party

Contact the distributor whose name is on this brochure. She will schedule your party. If you cannot contact this distributor please call the main office at 601-477-2005 or 800-364-4732.

What does a Pepper's hostess receive for having a party? Ten percent of the subtotal of all purchases that are paid at the night of the show. This 10% is deducted from the hostess' purchase. So, the larger the show sales, the more the hostess receives in free merchandise.

Some hostesses are able to increase their party profits by collecting outside orders. If the hostess has guests who are unable to attend the party but would like to purchase some products, the hostess can collect the order and money prior to the party. This is also how men can purchase since they are not allowed to attend the party. As you might guess, 10% of these outside sales is also applied to the hostess' purchase on the night of the party.

It is absolutely essential for all guests to be over 18 and female. Unfortunately, your Pepper's distributor CANNOT have a "Pepper's Party" if there are ANY men, children (including infants) or teenagers around.

Because it's not always easy to determine someone's age by appearance, some women may be asked for I.D. If any of your guests look young, have them bring a valid pictured ID with them. If your guests have children, remind them that they will need to get a babysitter. If your friends invite other friends to come with them, also remind them not to bring anyone less than 18 years old. No one under 18 will be allowed to stay.

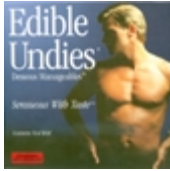

We hope you and your friends have a great time at your party. We specialize in bridal showers, bachelorette parties, birthday parties, and lots of fun for "girls night out!"

How to Take Care of the Good Stuff

Here are some of the secrets that our most satisfied customers have passed on to us!

You don't want your massager to quit at the wrong moment so take just a few minutes to do a bit of maintenance. Yes, they do require some maintenance, but at least you don't have to feed it or pick up its dirty laundry!

Always remove your batteries when not in use. This will give you more life from your batteries and from your massager. Also, it will prevent battery acid from leaking on the controls.

Never pull or tug on the cord.

Try not to let the cord dangle.

Do not submerge any part in water unless its listed as waterproof.

Always clean your massager between uses. We highly recommend Adult Toy Cleaner.

Here's a quick way to clean your massager - especially since you might be in a hurry:

1. Get a semi-damp towel and lay it flat on the bed.
2. Lay the massager flat on the towel.
3. Use the Adult Toy Cleaner to spray one side of the massager, then flip it over.
4. Spray the other side of the massager and wait one minute. We're sure that you can think of something to entertain yourself for a minute!
5. Finally, wipe Cleaner off of the massager and you're ready to go!

Caring for Cyberskin™ and Other Soft Products

Cyberskin™ material is different from all other materials on the market today because of its incredibly realistic feel. This means that if you close your eyes and touch the material you have a hard time differentiating between Cyberskin™ and human skin! Because this material is so life-like, a little extra care is required. Cyberskin™ cannot get too hot. Keep it in a cool, dry place or it could melt. We suggest storing in a zip-locked bag or back in its original packaging.

After cleaning your Cyberskin™ toy make sure it is completely dry. Then apply talc powder or corn starch to restore the original realistic texture. Wipe powder off before using. Other soft products include but are not limited to the magic ring, magic sleeve, tickler, pocket pet, mega stretch kit, pleasure skin, mini tongue, and all other Cyberskin™-like products.

Product Guarantee

Pepper's Parties has a 14-day exchange warranty on vibrating devices for all manufacturer's defect. If you have a defective device your Pepper's distributor can exchange it for the exact item purchased. No substitutions please. Please call your Pepper's distributor or mail the defective item to her and she will send you a replacement if it cannot be repaired.

This warranty is only valid for manufacturer's defects. Warranty does not include defects due to battery leakage, pulling the cord, submerging a non-waterproof massager, or melted Cyberskin™, or any damage you cause.

Because everyone's tastes, sensitivity, and preferences are unique we cannot guarantee any particular product will work on anyone. However, we can guarantee most products work on most people. We have carefully selected our product line from customer requests and research to provide you with the highest quality merchandise at the best prices.

All male rings must be removed after 30 minutes. Vibrating devices should not be used for unexplained calf pain.

No refunds. All Sales Final.
